INDEPENDENT AUDITORS' REPORT

Board of Directors BNCCORP, INC. and Subsidiaries Bismarck, North Dakota

Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the accompanying consolidated financial statements of BNCCORP, INC. and Subsidiaries, which comprise the consolidated balance sheets as of December 31, 2023 and 2022, and the related consolidated statements of income, comprehensive income (loss), stockholders' equity, and cash flows for the years then ended, and the related notes to the consolidated financial statements.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of BNCCORP, INC. and Subsidiaries as of December 31, 2023 and 2022, and the results of their operations and their cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are required to be independent of BNCCORP, INC. and Subsidiaries and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Emphasis of Matter

As discussed in Note 1 of the financial statements, effective January 1, 2023, BNCCORP, INC. and Subsidiaries adopted new accounting guidance for the measurement of credit losses on financial instruments through a cumulative-effect adjustment to retained earnings. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about BNCCORP, INC. and Subsidiaries' ability to continue as a going concern for one year after the date the consolidated financial statements are available to be issued.

Auditors' Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the consolidated financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the consolidated financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of BNCCORP, INC. and Subsidiaries' internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the consolidated financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about BNCCORP, INC. and Subsidiaries' ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Information Included in the Annual Report

Management is responsible for the other information included in the annual report. The other information comprises selected financial data, operating strategy, management's discussion and analysis of financial condition and results of operations, and quantitative and qualitative disclosures about market risk but does not include the consolidated financial statements and our auditors' report thereon. Our opinion on the consolidated financial statements does not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the consolidated financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

BNCCORP, INC. AND SUBSIDIARIES Notes to Consolidated Financial Statements

NOTE 1. Description of Business and Significant Accounting Policies

Description of Business

BNCCORP, INC. ("BNCCORP") is a registered bank holding company incorporated under the laws of Delaware. It is the parent company of BNC National Bank (the "Bank"). BNC National Bank operates community banking and wealth management businesses through 11 locations in North Dakota and Arizona. During 2023, the Bank conducted mortgage banking through a consumer-direct channel complemented by relationship based retail channels. The consumer direct channel emphasized technology (internet leads and call center) to originate mortgage loans throughout the United States. The retail channel is primarily relationship driven and originations are generally near mortgage banking locations. On June 16, 2023, the Company sold certain operating assets and assigned certain liabilities related to the Company's mortgage segment to First Federal Bank.

With respect to group concentrations of credit risk, most of the Company's business activity is with customers in North Dakota. At December 31, 2023, the Company did not have any significant credit concentrations in any particular industry.

The consolidated financial statements included herein are for BNCCORP and subsidiaries. The accounting and reporting policies of BNCCORP and subsidiaries (collectively, the "Company") conform to U.S. generally accepted accounting principles (GAAP) and general practices within the financial services industry. The more significant accounting policies are summarized below.

Principles of Consolidation

The accompanying consolidated financial statements include the accounts of BNCCORP and its wholly owned subsidiaries. All significant intercompany transactions and balances have been eliminated in consolidation.

Use of Estimates

The preparation of consolidated financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Significant items subject to such estimates and assumptions include the allowance for credit losses, fair value measurements for financial instruments, and income taxes. Ultimate results could materially differ from those estimates.

SIGNIFICANT ACCOUNTING POLICIES

Cash and Cash Equivalents

Cash and cash equivalents include cash on hand, cash due from banks and federal funds sold.

Debt Securities

Debt securities that the Bank intends to hold indefinitely as part of its asset/liability strategy, or that may be sold in response to changes in interest rates, liquidity needs, or prepayment risk are classified as available for sale. Available for sale securities are carried at fair value. Net unrealized gains and losses, net of deferred income taxes, on securities available for sale are reported as a separate component of stockholders' equity until realized (see Comprehensive Income (Loss)).

Premiums and discounts are amortized or accreted over the life of the related security as an adjustment to yield using the effective interest method. For callable securities purchased at a premium, such premium is amortized over the period to the earliest call date. Dividend and interest income is recognized when earned. Realized gains and losses on the sale of debt securities are determined using the specific-identification method and recognized in non-interest income on the trade date.

Notes to Consolidated Financial Statements

Federal Reserve Bank and Federal Home Loan Bank

Investments in Federal Reserve Bank and Federal Home Loan Bank stock qualify as restricted stock, which is not subject to equity security accounting treatment, and is reported at cost, subject to impairment.

Loans Held For Sale-Mortgage Banking

Loans held for sale-mortgage banking are accounted for at fair value pursuant to the fair value option permitted by ASC 825, *Financial Instruments*. Gains and losses from the changes in fair value are included in mortgage banking revenues, net.

Loans Held For Investment

Loans held for investment are stated at their outstanding principal amount net of unearned income, unamortized deferred fees and costs, and an allowance for credit losses. Interest income is recognized on the accrual basis using the interest method prescribed in the loan agreement except when collectibility is in doubt.

Loans are reviewed regularly by management and are placed on non-accrual status when the collection of interest or principal is 90 days or more past due, unless the loan is adequately secured and in the process of collection. When a loan is placed on non-accrual status, interest accrued and uncollected is reversed against interest income in the current period. Interest payments received on non-accrual loans are generally applied to principal unless the remaining principal balance has been determined to be fully collectible. Accrual of interest may be resumed when it is determined that all amounts due are expected to be collected and the loan has exhibited a sustained level of performance, generally at least six months.

Loan Origination Fees and Costs; Other Lending Fees

For Loans Held for Investment, origination fees and costs incurred to extend credit are deferred and amortized over the term of the loan as an adjustment to yield using the interest method, except where the net amount is deemed to be immaterial.

The Company occasionally originates lines of credit where the customer is charged a non-usage fee if the line of credit is not used. In such instances, the Company periodically reviews use of lines on a retrospective basis and recognizes non-usage fees in non-interest income.

Loan Servicing and Transfers of Financial Assets

The Bank sells commercial business loans to third parties. The loans are generally sold on a non-recourse basis. Subsequent to the sale, the loans continue to be serviced by the Bank. Sold loans are not included in the accompanying consolidated balance sheets.

The sales of loans are accounted for pursuant to ASC 860, Transfers and Servicing of Financial Assets.

The Bank originated certain residential mortgage loans with the intent to sell to secondary market investors. The mortgage servicing rights associated with these loans were sold to third parties.

Allowance for Credit Losses

The Company's allowance for credit losses is comprised of an allowance for loans held for investment and an allowance for unfunded commitments. The Company is required to estimate the credit losses expected over the life of the loan. The measurement of expected credit losses is based on relevant information about past events, including historical experience, current conditions, and reasonable and supportable forecasts that affect the estimated collectibility of the loan portfolio.

Notes to Consolidated Financial Statements

Allowance for Credit Losses – Loans Held for Investment

The Company's methodology for estimating the allowance for credit losses is applied consistently to the loan portfolio. The following identifies the methodology by which the Company estimates the allowance for credit losses:

<u>Collective Pools.</u> The Company makes a significant number of loans that, due to their underlying similar characteristics, are assessed for loss as "collective" pools. The Bank segments the pools by type of loan and using historical loss and peer group loss information estimates an expected credit loss for each individual loan or lease within the pool. Historical loss rates are derived by tracking the historical net charge-offs. The historical loss rates for each type of loan are then averaged to calculate an overall loss rate, which is applied to the current loan balance. Loans of this nature are generally internally designated as a "pass" rated credit. Loans within this category are identified and segmented based on internal loan type. Each loan is then given a historical loss rate based on its identified loan type, which is then applied to the life of the loan. Loss rates for each loan type are determined by comparing the Company's historic loss rates and peer loss rates. The maximum loss rate for each loan type becomes the loss rate utilized.

<u>Collective Risk Grade.</u> The Company has loans where the risk grade classification deteriorates below an internally assigned grade of "pass". In these cases, the Company generally experiences higher historical loss rates and expects the credit losses on the contractual balance to increase. Loans in this category are pooled by risk grade and historic loss rates are applied to the contractual balances of each individual loan or lease. Loss rates are established based on the Company's historic loss rates for criticized loans. This loss rate is then applied to each loan which maintains a risk rating below "pass". Loans that fall within the collective risk grade segment are not included in the collective pool segment.

<u>Individual Reserves.</u> The Company estimates reserves for individually evaluated loans through a loan-byloan analysis of problem loans that considers expected future cash flows, the value of collateral and other factors that may impact the borrower's ability to make payments when due. Included in this group are loans in nonaccrual status or modified loans. Individual reserves are determined through evaluation of collateral values, expected future cash flow and other factors that may impact the borrower's ability to make contractual payments. An individual reserve is then applied to individual loans based on the level of expected loss. Loans evaluated within the individual reserve segment are excluded from all other segments.

<u>Qualitative / Forecast Reserve.</u> The Company also considers qualitative adjustments to the quantitative baseline. Utilizing a framework based on the Interagency Policy Statement on Allowance for Credit Losses, the Company considers prevailing and anticipated economic trends, such as current and forecasted economic conditions, economic trends, an assessment of credit risk inherent in the loan portfolio, and delinquency trends. The Company also considers information to the extent the Company expects current conditions and reasonable and supportable forecasts to differ from the conditions that existed for the period over which historical information was evaluated. The Company maintains a scorecard that includes nine qualitative factors and performs a review on a quarterly basis. Upon evaluation of the qualitative factors, a qualitative loss rate will be established and applied to all loans outside of those included in the Individual Reserve component. The Company's forecast period is generally 1 to 2 years.

Allowance for Credit Losses – Unfunded Commitments

The allowance for unfunded commitments represents the expected credit losses on off-balance sheet commitments, such as commitments to extend credit and financial standby letters of credit. The allowance for unfunded commitments included in other liabilities on the consolidated balance sheets. The allowance for unfunded commitments is determined by estimating future draws and applying the expected loss rates on those draws. Future draws are based on historical utilization rates along with individual assessment for specific loan types. Loss rates are estimated through the same methodology as defined within the "collective pools" segment of the allowance for loans held for investment.

Notes to Consolidated Financial Statements

Allowance for Credit Losses – Debt Securities Available for Sale

The Company's evaluation first assesses whether it intends to sell, or it is more likely than not that it will be required to sell the security before recovery of its amortized cost basis. If either criteria is met, the security's amortized cost basis is written down to fair value through income. For AFS debt securities that do not meet the aforementioned criteria, the Company evaluates whether the decline in fair value has resulted from credit losses or other factors. In making this assessment, management considers the extent to which fair value is less than amortized cost, any changes to the rating of the security by a rating agency, and adverse conditions specifically related to the security, among other factors. If this assessment indicates that a credit loss exists, the present value of cash flows expected to be collected is less than the amortized cost basis, a credit loss exists and an allowance for credit losses is recorded for the credit loss, limited by the amount that the fair value is less than the amortized cost basis. Changes in the allowance for credit losses are recorded as a provision for (or reversal of) credit losses and can change over time.

The Company does not believe that the debt securities available for sale that were in an unrealized loss position as of December 31, 2023 represent a credit loss impairment. As of December 31, 2023, the gross unrealized loss positions were primarily related to mortgage-backed securities issued by U.S. government agencies or U.S. government-sponsored enterprises. These securities carry the explicit and/or implicit guarantee of the U.S. government and have a history of zero credit loss. Total gross unrealized losses were attributable to changes in interest rates, relative to when the investment securities were purchased, and not due to the credit quality of the debt securities. The Company does not intend to sell the debt securities that were in an unrealized loss position and it is unlikely that the Company will be required to sell the debt securities before recovery of their amortized cost basis, which may be at maturity.

Other Real Estate Owned and Repossessed Assets, net

Real estate properties and other assets acquired through loan foreclosures are recorded at fair value less estimated costs to sell. If the carrying amount of an asset acquired through foreclosure is in excess of the fair value less estimated costs to sell, the excess amount is charged to the allowance for credit losses. Fair value is primarily determined based upon appraisals of the assets involved and management periodically assesses appraised values to ascertain continued relevancy of the valuation. If subsequent declines in fair value in excess of the carrying amount of foreclosed assets are identified, the Company establishes a valuation allowance against the asset. Net operating income from and gains on disposition of these assets are included in other non-interest income. Net operating expenses, losses on disposition, and subsequent declines in the estimated fair value of these assets are charged to other non-interest expense.

Premises and Equipment

Land is carried at cost. Premises and equipment are reported at cost less accumulated depreciation and amortization. Depreciation and amortization for financial reporting purposes is charged to non-interest expense using the straightline method over the estimated useful lives of the assets. Estimated useful lives are up to forty years for buildings and three to ten years for furniture and equipment. Leasehold improvements are capitalized and amortized over the shorter of the lease term or the estimated useful life of the improvement. Maintenance and repairs, as well as gains and losses on dispositions of premises and equipment, are included in non-interest income or expense as incurred.

Impairment of Long-Lived Assets

The Company reviews long-lived assets for impairment periodically or whenever events or changes in circumstances indicate that the carrying amount of any such asset may not be recoverable. The impairment review includes a comparison of future cash flows (undiscounted and without interest charges) expected to be generated by the assets to their current carrying value. If impairment is identified, the assets are written down to their fair value through a charge to non-interest expense.

Securities Sold Under Agreements to Repurchase

From time to time, the Bank enters into sales of securities under agreements to repurchase, generally for periods of less than 90 days. These agreements are treated as financings, and the obligations to repurchase securities sold are

Notes to Consolidated Financial Statements

reflected as a liability in the consolidated balance sheets as short-term borrowings. The costs of securities underlying the agreements remain in the asset accounts.

Fair Value

Several accounting standards require recording assets and liabilities based on their fair values. Determining the fair value of assets and liabilities can be highly subjective. The Company utilizes valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs to the extent possible. The Company determines fair value based on assumptions that market participants would use in pricing an asset or liability in the principal or most advantageous market.

ASC 820, *Fair Value Measurement*, defines fair value and establishes a framework for measuring fair value of assets and liabilities using a hierarchy system consisting of three levels based on the markets in which the assets and liabilities are traded and the reliability of the assumptions used to determine fair value. These levels are:

Level 1: Valuation is based upon quoted prices for identical instruments traded in active markets that the Company has the ability to access.

Level 2: Valuation is based upon quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in markets that are less active, and model-based valuation techniques for which significant assumptions are observable in the market.

Level 3: Valuation is generated from model-based techniques that use significant assumptions not observable in the market and are used only to the extent that observable inputs are not available. These unobservable assumptions reflect the Company's own estimates of assumptions that market participants would use in pricing the asset or liability.

Management assigns levels to assets and liabilities accounted for at fair value.

Fair Values of Financial Instruments

The Company is required to disclose the estimated fair value of financial instruments. Fair value estimates are subjective in nature, involving uncertainties and matters of significant judgment, and therefore cannot be determined with precision. Changes in assumptions could significantly affect the estimates. The following methods and assumptions are used by the Company in estimating fair value disclosures for its financial instruments.

Debt Securities Available for Sale. The fair value of the Company's securities, other than U.S. Treasury securities, are based upon quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in markets that are less active, and model-based valuation techniques for which significant assumptions are observable in the market. U.S. Treasury securities are based upon quoted prices for identical instruments traded in active markets.

Loans Held for Sale-Mortgage Banking. Loans held for sale-mortgage banking are accounted for at fair value pursuant to the fair value option permitted by ASC 825, *Financial Instruments*. Fair value measurements on loans held for sale are based on quoted market prices for similar loans in the secondary market, market quotes from anticipated sales contracts and commitments, or contract prices from firm sales commitments.

Derivative Financial Instruments. The fair value of the Company's derivatives are based upon quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in markets that are less active, and model-based valuation techniques for which significant assumptions are observable in the market.

Financial Instruments with Off-Balance-Sheet Risk. The fair values of the Company's commitments to extend credit and commercial and standby letters of credit are estimated using fees currently charged to enter into similar agreements.

Notes to Consolidated Financial Statements

Derivative Financial Instruments

ASC 815, *Derivatives and Hedging*, establishes accounting and reporting standards for derivative instruments, including certain derivative instruments embedded in other contracts, and for hedging activities. Accordingly, the Company records all derivatives at fair value.

The Company enters into interest rate lock commitments on certain mortgage loans originated by its mortgage banking operations on a best efforts basis, which are commitments to originate loans whereby the interest rate on the loan is determined prior to funding. The Company also has corresponding forward sales contracts related to these interest rate lock commitments. Both the mortgage loan commitments and the related forward sales contracts are accounted for as derivatives and carried at fair value in other assets with changes in fair value recorded in mortgage banking revenues, net.

The Company also commits to originate and sell certain loans through its mortgage banking operations on a mandatory delivery basis. To hedge interest rate risk, the Company sells short positions in mortgage backed securities related to the loans sold on a mandatory delivery basis. The commitments to originate and short positions are accounted for as derivatives and carried at fair value in other liabilities with changes in fair value recorded in mortgage banking revenues, net.

Share-Based Compensation

ASC 718, *Compensation – Stock Compensation*, requires the Company to measure the cost of employee services received in exchange for an award of equity instruments based on the fair value of the award on the grant date.

At December 31, 2023, the Company had two stock-based compensation plans, which are described more fully in Note 23 and Note 24 to these consolidated financial statements.

Revenue from Contracts with Customers

The majority of the Company's performance obligations for revenue from contracts with customers are satisfied at a point in time and are typically collected from customers at the time of the transaction or shortly thereafter.

The following is a description of the principal activities from which the Company generates revenue that are within the scope of ASC 606:

Service charges on deposits – Service charges on deposit accounts represent daily and monthly analysis fees recognized for the services related to customer deposit accounts, including account maintenance, overdraft fees, and depository transactions processing fees. Depository accounts charge fees in accordance with the customer's pricing schedule or may be assessed a flat service fee per month. The Company satisfies the performance obligation related to providing depository accounts daily as transactions are processed and deposit service charge revenue is recognized daily.

Bankcard fees – Bankcard fees primarily represent income earned from interchange revenue from Visa for the Company's processing of debit card transactions. The performance obligation for interchange revenue is the processing of each transaction through the Company's access to the banking system. This performance obligation is completed for each individual transaction and revenue is recognized per transaction in accordance with interchange rates established by Visa.

Wealth management revenue – Wealth management revenue consists of fees earned on personal trust accounts, retirement plan administration, and wealth management services. The performance obligations related to this revenue include items such as performing trustee service administration, investment management services, custody and record-keeping services, and retirement plan administration. These fees are part of contractual agreements and the performance obligations are satisfied upon completion of services. The fees are generally a fixed-flat annual rate or based on a percentage of the account's market value per the contract with the customer and revenue is recognized over time as earned.

Other income – The Company recognizes other miscellaneous income through a variety of other revenue streams, the most material of which includes revenue from investments in Small Business Investment Companies (SBIC), gains on sales of financial assets, and bank-owned life insurance income. These revenue streams are outside of the scope of ASC 606 and are recognized in accordance with the applicable U.S. GAAP. The remainder of other income is primarily earned through transactions with personal banking customers, including stop payment charges and fees for cashier's checks. The performance obligations of these types of fees are satisfied as transactions are completed and revenue is recognized upon transaction execution according to established fee schedules with the customers.

Note 15 to these consolidated financial statements includes disclosure of revenue from contracts with customers.

Income Taxes

The Company files consolidated federal and unitary state income tax returns where allowed.

The determination of current and deferred income taxes is based on analyses of many factors including interpretation of federal and state income tax laws, differences between tax and financial reporting basis of assets and liabilities, expected reversals of temporary differences, estimates of amounts due or owed and current financial accounting standards. Actual results could differ significantly from the estimates and interpretations used in determining the current and deferred income taxes.

Deferred income taxes are accounted for using the asset and liability method. Under this method, deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effects of changes in tax rates on deferred tax assets and liabilities are recognized in income in the period of enactment regardless of the balance sheet classification of the underlying deferred tax asset or liability.

Management evaluates deferred tax assets to determine whether they are realizable based upon accounting standards and specific facts and circumstances. A valuation allowance is established to reduce deferred tax assets to amounts that are more likely than not expected to be realized.

Earnings Per Share

Basic earnings per share (EPS) excludes dilution and is computed by dividing income available to common stockholders by the weighted average number of common shares outstanding during the applicable period. Diluted EPS reflects the potential dilution that could occur if securities or other contracts to issue common stock were exercised or converted into common stock or resulted in the issuance of common stock that then shared in the earnings of the Company. Such potential dilutive instruments include stock options and contingently issuable stock. Note 21 to these consolidated financial statements includes disclosure of the Company's EPS calculations.

Comprehensive Income (Loss)

Comprehensive income (loss) is the total of net income and other comprehensive income (loss), which for the Company, is generally comprised of unrealized gains and losses on securities available for sale, net of corresponding tax effects.

Subsequent Events

In preparing these consolidated financial statements, the Company has evaluated events and transactions for potential recognition or disclosure through March 14, 2024, the date the consolidated financial statements were available to be issued.

Notes to Consolidated Financial Statements

RECENTLY ISSUED OR ADOPTED ACCOUNTING PRONOUNCEMENTS & INTERPRETATIONS

ASU No. 2016-13, *Measurement of Credit Losses on Financial Instruments*, replaces the current incurred loss methodology for recognizing credit losses with a current expected credit loss model, which requires the measurement of all expected credit losses for financial assets held at the reporting date based on historical experience, current conditions, and reasonable and supportable forecasts. This amended guidance broadens the information that an entity must consider in developing its expected credit loss estimates. Additionally, this update amends the accounting for credit losses for available-for-sale debt securities and purchased financial assets with a more-than-insignificant amount of credit deterioration since origination. This update requires enhanced disclosures to help investors and other financial statement users better understand significant estimates and judgments used in estimating credit losses, as well as the credit quality and underwriting standards of a company's loan portfolio. This update is effective for fiscal years beginning after December 15, 2022.

The Company adopted the standard on January 1, 2023, and applied the standard as a cumulative effect adjustment to retained earnings. At adoption, the Company recorded a \$125 thousand increase to the allowance for credit losses, which was comprised of a \$64 thousand decrease in the allowance for loan losses and a \$189 thousand increase to the allowance for unfunded commitments. The after-tax impact resulted in a \$94 thousand decrease to retained earnings. The tax effect resulted in an increase to deferred tax assets.

ASU No. 2022-02, *Financial Instruments – Credit Losses (Topic 326): Troubled Debt Restructurings and Vintage Disclosures,* eliminates the accounting guidance for TDRs by creditors in ASC 310-40, *Receivables – Troubled Debt Restructurings by Creditors,* in its entirety and requires entities to evaluate all receivable modifications under ASC 310-20-35-9 through 35-11 to determine whether a modification made to a borrower results in a new loan or a continuation of the existing loan. For entities that have already adopted ASU 2016-13, the amendments in ASU 2022-02 are effective for fiscal years beginning after December 15, 2022, including interim periods within those fiscal years. For entities that have not yet adopted ASU 2016-13, the amendments in ASU 2022-02 are effective upon adoption of ASU 2016-13. The Company adopted the standard on January 1, 2023 and the adoption did not have a material impact on the Company's consolidated financials.

Notes to Consolidated Financial Statements

NOTE 2. Debt Securities Available For Sale

Debt securities have been classified in the consolidated balance sheets according to management's intent. The Company had no securities designated as trading or held-to-maturity in its portfolio at December 31, 2023, or 2022. The amortized cost of debt securities available for sale and their estimated fair values were as follows as of December 31 (in thousands):

				20	23				
	Ar	nortized Cost	Unr	ross ealized ains	Un	Gross realized Losses	Estimated Fair Value		
U.S. treasury securities	\$	25,872	\$	-	\$	(992)	\$	24,880

State and municipal bonds	8,062			_	(1,111)			6,951	
	\$	174,313	\$	_	\$	(14,541)	\$	159,772	

				20	22		
	An	nortized Cost	Unr	ross ealized ains	Un	Gross realized Losses	timated Fair Value
U.S. treasury securities	\$	19,864	\$	-	\$	(1,828)	\$ 18,036
U.S. government sponsored entity mortgage- backed securities issued by FNMA/FHLMC		23,485		-		(3,338)	20,147
U.S. government agency small business administration pools guaranteed by SBA		15,572		-		(1,191)	14,381
Collateralized mortgage obligations guaranteed by GNMA		10,096		-		(338)	9,758
Collateralized mortgage obligations issued by FNMA/FHLMC Commercial mortgage-backed securities		64,285		-		(5,533)	58,752
issued by FHLMC		17,557		-		(1,476)	16,081
Other commercial mortgage-backed securities		27,906		-		(2,617)	25,289
State and municipal bonds		13,562		341		(1,471)	 12,432
	\$	192,327	\$	341	\$	(17,792)	\$ 174,876

The Company elected to exclude accrued interest receivable from the amortized cost basis of debt securities available for sale throughout this footnote. Total accrued interest receivable for debt securities was \$700 thousand as of December 31, 2023 and is included in the accrued interest receivable line item on the Company's consolidated balance sheets.

Notes to Consolidated Financial Statements

The amortized cost and estimated fair value of debt securities available for sale classified according to their contractual maturities at December 31, 2023, were as follows (in thousands):

	A	mortized	Es	timated		
		Cost	Fair Value			
Due in one year or less	\$	14,970	\$	14,931		
Due after one year through five years		22,562		21,049		
Due after five years through ten years		21,334		19,931		
Due after ten years		115,447		103,861		
Total	\$	174,313	\$	159,772		

The table above is not intended to reflect actual maturities, cash flows or interest rate risk. Actual maturities may differ from the contractual maturities shown above as a result of prepayments.

Debt securities available for sale with estimated fair values of \$41.1 million and \$46.4 million at December 31, 2023, and 2022, respectively, were pledged as collateral for public and trust deposits and borrowings, including borrowings from the FHLB and repurchase agreements with customers.

Sales proceeds and gross realized gains and losses on available for sale securities were as follows for the years ended December 31 (in thousands):

	202	2022				
Sales proceeds	\$	9,483	\$		-	
Gross realized gains	\$	382	\$		-	
Gross realized losses		(370)			-	
Net realized gains	\$	12	\$		-	

Notes to Consolidated Financial Statements

The following table shows the Company's gross unrealized losses and fair value of debt securities available for sale aggregated by investment category and length of time that individual securities have been in a continuous unrealized loss position at December 31 (in thousands):

The Company does not believe that the debt securities available for sale that were in an unrealized loss position as of December 31, 2023 represent a credit loss impairment. As of December 31, 2023, the gross unrealized loss positions were primarily related to mortgage-backed securities issued by U.S. government agencies or U.S.

Notes to Consolidated Financial Statements

government-sponsored enterprises. These securities carry the explicit and/or implicit guarantee of the U.S. government and have a history of zero credit loss. Total gross unrealized losses were attributable to changes in interest rates, relative to when the investment securities were purchased, and not due to the credit quality of the debt securities. The Company does not intend to sell the debt securities that were in an unrealized loss position and it is unlikely that the Company will be required to sell the debt securities before recovery of their amortized cost basis, which may be at maturity.

At December 31, 2022, management evaluated each debt security with unrealized losses to determine whether losses are other-than-temporary. When determining whether a debt security is other-than-temporarily impaired, management assesses whether it has the intent to sell the debt security or whether it is more likely than not that it will be required to sell the debt security before a recovery of amortized cost.

There were no debt securities that management concluded were other-than-temporarily impaired at December 31, 2022.

NOTE 3. Federal Reserve Bank and Federal Home Loan Bank Stock

The carrying amounts of FRB and FHLB stock, which approximate their fair values, consisted of the following as of December 31 (in thousands):

	 2023	 2022
Federal Reserve Bank stock, at cost	\$ 1,807	\$ 1,807
Federal Home Loan Bank, at cost	 565	 1,256
Total	\$ 2,372	\$ 3,063

NOTE 4. Loans

The composition of loans is as follows at December 31 (in thousands):

	 2023	 2022
Loans held for sale-mortgage banking	\$ 	\$ 37,764
Commercial and industrial	\$ 216,055	\$ 205,429
Commercial real estate	245,939	230,243
SBA	63,836	48,638
Consumer	111,872	95,891
Land and land development	8,416	10,758
Construction	 21,648	 24,690
Gross loans held for investment	667,766	615,649
Unearned income and net unamortized deferred fees and costs	 1,042	 996
Loans, net of unearned income and unamortized fees and costs	668,808	616,645
Allowance for credit losses	 (9,284)	 (8,831)
Net loans held for investment	\$ 659,524	\$ 607,814

The Company elected to exclude accrued interest receivable from the amortized cost basis of loans held for investment throughout this footnote. Total accrued interest receivable for loans held for investment was \$3.5 million and \$2.4 million as of December 31, 2023 and 2022, respectively, and is included in the accrued interest receivable line item on the Company's consolidated balance sheets.

To accommodate customers whose financing needs exceed the Bank's lending limits, the Bank sells loan participations on a nonrecourse basis to outside financial institutions and derecognizes the portion of the loan

Notes to Consolidated Financial Statements

balance sold. The Bank retains the servicing rights of the participations sold. At December 31, 2023, and 2022, loan participations sold on a nonrecourse basis to outside financial institutions totaled \$130.6 million and \$123.7 million, respectively.

Loans to Related Parties

Note 22 to these consolidated financial statements includes information relating to loans to executive officers, directors, principal shareholders and associates of such persons.

Loans Pledged as Collateral

The table below present's loans pledged as collateral to the FHLB, FRB, and the Bank of North Dakota as of December 31(in thousands):

	 2023	 2022
Commercial and industrial	\$ 67,767	\$ 62,656
Commercial real estate	125,828	115,779
Loans held for sale-mortgage banking	 -	 35,879
Total	\$ 193,595	\$ 214,314

NOTE 5. Allowance for Credit Losses

Transactions in the allowance for credit losses were as follows for the years ended December 31 (in thousands):

						2	2023

Balance, end of period	\$ 2,519	\$ 3,621	\$ 1,396	\$	982	\$	87	\$	226	\$ 8,831

The Company recorded an \$815 thousand provision for credit losses in 2023. A provision of \$829 thousand was recorded as an allowance for loan losses and credit of \$14 thousand was recorded as a reduction of allowance for unfunded commitments. At December 31, 2023, the Company maintained an allowance for unfunded commitments of \$175 thousand. The allowance for unfunded commitments are included as part of the other liabilities line on the Company's Consolidated Balance Sheets.

Notes to Consolidated Financial Statements

Impaired loans are loans on non-accrual status and troubled debt restructurings, which are individually evaluated for impairment, and other loans deemed to have similar risk characteristics. With the adoption of ASU 2016-13, *Measurement of Credit Losses on Financial Instruments*, this disclosure is no longer a required after December 31, 2022.

The following table is provided for comparative purposes and shows the balance in the allowance for credit losses at December 31, 2022, and the related loan balances, segregated on the basis of impairment methodology (in thousands).

		Allow	ance F	or Credit	Losses			Gross L	Held for Inv	vestment

Credit Quality Indicators

The Company maintains an internal risk rating process in order to increase the precision and effectiveness of credit risk management. Loans are assigned one of the following four internally assigned grades: pass, watch list, substandard, and doubtful. The following are the definitions of the Company's credit quality indicators:

Pass. Loans designated as pass are not adversely rated, are contractually current as to principal and interest, and are otherwise in compliance with the contractual terms of the loan or lease agreement. Management believes that there is a low likelihood of loss related to those loans and leases that are considered Pass.

Watch list. Loans designated as watch list are loans that possess some credit deficiency that deserves close attention due to emerging problems. Such loans pose unwarranted financial risk that, if left uncorrected, may result in deterioration of the repayment prospects for the asset or in the Bank's credit position at some future date.

Substandard. Loans graded as substandard or doubtful are considered "Classified" loans for regulatory purposes. Loans classified as substandard are loans that are generally inadequately protected by the current net worth and paying capacity of the obligor, or by the collateral pledged, if any. Loans classified as substandard have a well-defined weakness or weaknesses that jeopardize the liquidation of the loan. Substandard loans are characterized by the distinct possibility that the Bank will sustain some loss if the deficiencies are not corrected.

Doubtful. Loans classified as doubtful have the weaknesses of those classified as substandard, with additional characteristics that make collection in full on the basis of currently existing facts, conditions and values questionable, and there is a higher probability of loss.

Notes to Consolidated Financial Statements

The following presents by credit quality indicator, loan class, and year of origination, the amortized cost basis of the Company's loans as of December 31, 2023 (in thousands):

Performing and non-accrual loans

The Bank's key credit quality indicator is a loan's performance status, defined as accrual or non-accrual. Performing loans are considered to have a lower risk of loss and are on accrual status. Non-accrual loans include loans on which the accrual of interest has been discontinued. Accrual of interest is discontinued when the Bank believes that the borrower's financial condition is such that the collection of interest is doubtful. A delinquent loan is generally placed on non-accrual status when it becomes 90 days or more past due unless the loan is well secured and in the process of collection. When a loan is placed on non-accrual status, accrued but uncollected interest income applicable to the current reporting period is reversed against interest income. Accrued but uncollected interest income applicable to previous reporting periods is charged against the allowance for credit losses. No additional interest is accrued on the loan balance until the collection of both principal and interest becomes reasonably certain. Delinquent balances are determined based on the contractual terms of the loan adjusted for charge-offs and payments applied to principal.

Notes to Consolidated Financial Statements

The following table sets forth information regarding the Bank's performing and non-accrual loans at December 31 (in thousands):

Impaired loans

As identified in the recently issued or adopted accounting pronouncements and interpretations section, the Company adopted ASU No. 2016-13, *Measurement of Credit Losses on Financial Instruments*, on January 1, 2023. As a result of adoption, the Company is no longer required to provide information on impaired loans. Information on impaired loans as of December 31, 2022 is being provided for comparative purposes.

The following table summarizes impaired loans and related allowances as of and for the years ended December 31, 2022 (in thousands):

Notes to Consolidated Financial Statements

Loan Modifications

The Company adopted ASU No. 2022-02, *Financial Instruments – Credit Losses (Topic 326): Troubled Debt Restructurings and Vintage Disclosures,* on January 1, 2023. ASU 2022-02 requires the Company to evaluate all loan modifications under ASC 310-20-35-9 through 35-11 to determine whether a modification made to a borrower results in a new loan or a continuation of the existing loan.

The Company individually evaluates all modification to loans where the borrower is experiencing financial difficulty. In cases where the modification is determined to be at least as favorable to the Company as the terms for comparable loans to other borrowers with similar risk characteristics the loan is considered a new origination. In the event the evaluation determines that the modification is not in-line with terms for comparable loans, the Company considers these loans to be a modified loan. These types of modifications generally take the form of principal forgiveness, interest rate reduction, other-than-insignificant payment delay, or a term extension.

The following presents the amortized cost of loans to borrowers experiencing financial difficulty that were modified during 2023 by loan segment and modification type (in thousands):

		For year ended December 31, 2023							
	and	Extension Payment rment (1)	Pay Modif Intere	xtension, ment ïcation, est Rate ction (2)		yment erral (3)	r	Fotal	Percentage of Total Loans
Commercial and industrial	\$	133	\$	57	\$	-	\$	190	0.1 %
SBA		1,791	_	-		3,103		4,894	0.7
Total	\$	1,924	\$	57	\$	3,103	\$	5,084	0.8 %

(1) Modifications extended term by seven months and deferred payments up to seven months.

(2) Modifications extended term by twelve months, reduced payment, and reduced interest rate by 8.75%.

(3) Modifications deferred payment by six months.

Loan modifications to borrowers experiencing financial difficulty in 2023 did not result in principal forgiveness.

The following table sets forth information regarding the performing status of loans to borrowers experiencing financial difficulty at December 31, 2023 (in thousands):

		As of December 31, 2023								
	Cur	rent		89 Days st Due		ays or Past Due]	otal		
Commercial and industrial	\$	57	\$	133	\$	-	\$	190		
SBA		-		4,066		828		4,894		
Total	\$	57	\$	4,199	\$	828	\$	5,084		

Troubled Debt Restructuring (TDR)

As identified in the recently issued or adopted accounting pronouncements and interpretations section, the Company adopted ASU No. 2022-02, *Financial Instruments – Credit Losses (Topic 326): Troubled Debt Restructurings and Vintage Disclosures*, on January 1, 2023. As a result of adoption, the Company is no longer required to provide information on troubled debt restructuring. Information on troubled debt restructuring as of December 31, 2022 is being provided for comparative purposes.

TDRs are certain loans that have been modified in order to maximize collection of loan balances. If the Company, for legal or economic reasons related to the borrower's financial difficulties, grants a concession that would not otherwise be considered, compared to the original terms and conditions of the loan, the modified loan is considered a troubled debt restructuring.

Notes to Consolidated Financial Statements

The table below summarizes the amounts of restructured loans as of December 31 (in thousands):

	2022							
	Ac	crual	Non-	accrual		Total	Allo	wance
Commercial and industrial:								
Business loans	\$	-	\$	491	\$	491	\$	-
Owner-occupied commercial real estate		153		-		153		-
SBA				282		282		48
	\$	153	\$	773	\$	926	\$	48

NOTE 6. Premises and Equipment, net

Premises and equipment, net consisted of the following at December 31 (in thousands):

	 2023	 2022
Land and improvements	\$ 1,667	\$ 1,667
Buildings and improvements	15,896	15,861
Leasehold improvements	307	440
Furniture, fixtures, and equipment	 9,091	 9,883
Total cost	26,961	27,851
Less accumulated depreciation and amortization	 (16,006)	 (16,087)
Net premises and equipment	\$ 10,955	\$ 11,764

Depreciation and amortization expense totaled \$1.1 million and \$1.2 million for the years ended December 31, 2023, and 2022, respectively.

NOTE 7. Leases

The Company has operating leases, primarily for office space, that expire over the next eight years. These leases generally contain renewal options for periods ranging from one to five years. The Company has evaluated each individual lease to determine if exercising the renewal option was reasonably certain and considered the renewal into determining the lease term and associated payments. The Company's leases generally do not include termination options for either party to the lease or restrictive financial or other covenants. Payments due under the lease contracts include both fixed and variable payments. The variable payments are for the Company's proportionate share of the building's property taxes, insurance and common area maintenance. As most of the Company's leases do not provide an implicit rate, the Company uses its incremental borrowing rate based on the information available at the lease commencement date in determining the present value of the lease payments.

The components of lease cost for the years ended December 31 were as follows (in thousands):

	2023		2022		
Operating lease cost	\$	586	\$	967	
Variable lease cost		64		29	
Short-term lease cost		11		38	
	\$	661	\$	1,034	

Notes to Consolidated Financial Statements

Amounts reported in the consolidated balance sheet as of December 31, 2023, and December 31, 2022, are as follows (in thousands):

	A	As of		As of
	Decembe	December 31, 2023		per 31, 2022
Operating lease right of use (ROU) asset	\$	938	\$	1,521
Operating lease liabilities		1,048		1,660

Other supplementary information related to leases as of December 31, was as follows (dollars are in thousands):

	20	23	2	2022
Cash paid for lease liabilities	\$	606	\$	1,006
Amortization of ROU assets		566		788

	As of	As of
	December 31, 2023	December 31, 2022
Weighted average remaining lease term	3.71 years	3.64 years
Weighted average discount rate	5.79%	5.55%

Maturities of lease liabilities under non-cancellable leases as of December 31, 2023, are as follows (in thousands):

	Operating		
	Leases		
2024	\$	418	
2025		340	
2026		193	
2027		41	
2028		42	
Thereafter		125	
Total future minimum lease payments		1,159	
Amounts representing interest		(111)	
Total lease liabilities	\$	1,048	

NOTE 8. Deposits

The scheduled maturities of time deposits as of December 31, 2023, are as follows (in thousands):

2024	\$ 62,336
2025	2,938
2026	4,137
2027	255
2028	185
Thereafter	 55
	\$ 69,906

At December 31, 2023, and 2022, the Bank had no time deposits that had been acquired through a traditional broker channel. The Company had no interest-bearing deposits that meet the regulatory definition of a brokered deposit as of December 31, 2023 and December 31, 2022.

Notes to Consolidated Financial Statements

At December 31, 2023, and 2022, the Bank had \$20.6 million and \$14.9 million, respectively, in time deposits greater than \$250 thousand.

	 2023	2022
Savings	\$ 47	\$ 20
Interest checking	4,166	382
Money market	4,799	1,457
Time deposits	 937	 304
	\$ 9,949	\$ 2,163

The following table shows a summary of interest expense by product type as of December 31 (in thousands):

Deposits Received from Related Parties

Note 22 to these consolidated financial statements includes information relating to deposits received from executive officers, directors, principal shareholders and associates of such persons.

NOTE 9. Short-Term Borrowings

The Company had no short-term borrowings (borrowings with an original maturity of less than one year) as of December 31, 2023. The Company's short-term borrowings as of December 31, 2022 consisted of customer repurchase agreements. The weighted average interest rate on short-term borrowings outstanding as of December 31, 2022 was 0.30%. Short-term borrowings are included as other liabilities in the Company's consolidated balance sheets.

Customer repurchase agreements are used by the Bank, from time to time, to acquire funds from customers where the customers are required, or desire, to have their funds supported by collateral consisting of U.S. government, U.S. government agency or other types of securities. The repurchase agreement is a promise to sell these securities to a customer at a certain price and repurchase them at a future date at that same price plus interest accrued at an agreed upon rate. The Bank uses customer repurchase agreements in its liquidity plan as well as an accommodation to customers. At December 31, 2022, the \$103 thousand of securities sold under repurchase agreements, at an interest rate of 0.30%, was collateralized by a portion of a U.S. Treasury security having a fair value of \$529 thousand and unamortized principal balances of \$589 thousand.

NOTE 10. Federal Home Loan Bank Advances

As of December 31, 2023, the Bank had no FHLB advances outstanding. At December 31, 2023, the Bank had loans with unamortized principal balances of approximately \$190.4 million pledged as collateral to the FHLB.

As of December 31, 2022, the Bank had no FHLB advances outstanding. At December 31, 2022, the Bank had loans with unamortized principal balances of approximately \$211.0 million pledged as collateral to the FHLB.

As of December 31, 2023, the Bank had the ability to draw advances up to approximately \$121.2 million based upon the aggregate collateral that is currently pledged, subject to additional FHLB stock purchase requirement.

Notes to Consolidated Financial Statements

NOTE 11. Other Borrowings

The following table presents selected information regarding other borrowings at December 31 (in thousands):

2023									
Unsecured Borrowing Lines:									
				Line	Outsta	nding	Av	ailable	
BNC National Bank lines (1)			\$	34,500	\$	-	\$	34,500	
Secured Borrowing Lines:		 Collateral Pledged		Line	Outstanding		Available		
BNC National Bank line	\$	3,249	\$	1,509	\$	-	\$	1,509	
BNC National Bank line BNCCORP line		8				-	\$	1,509 10,000	

(1) The unsecured BNC National Bank Lines consists of three separate lines with three institutions in individual amounts of \$12.5 million, \$12 million, and \$10 million.

At December 31, 2023, the pledged collateral for the secured BNC National Bank line was comprised of commercial real estate loans and the pledged collateral for the secured BNCCORP line is the common stock of BNC National Bank.

		2022					
Unsecured Borrowing Lines:							
			 Line	Outstanding		Available	
BNC National Bank lines (1)			\$ 39,500	\$		\$	39,500
Secured Borrowing Lines:							
		ollateral Pledged	 Line	Outst	anding	A	ailable
BNC National Bank line	\$	3,359	\$ 1,675	\$	-	\$	1,675
BNCCORP line		96,959	 10,000		-		10,000
Total	\$	100,318	\$ 11,675	\$	-	\$	11,675

(1) The unsecured BNC National Bank Lines consists of four separate lines with three institutions in individual amounts of \$12.5 million, \$10 million, \$12 million, and \$5 million.

At December 31, 2022, the pledged collateral for the secured BNC National Bank line was comprised of commercial real estate loans and the pledged collateral for the secured BNCCORP line is the common stock of BNC National Bank.

NOTE 12. Guaranteed Preferred Beneficial Interests in Company's Subordinated Debentures

In July 2007, the Company issued \$15.5 million of floating rate subordinated debentures. During the third quarter of 2023 the index rate and spread converted from three-month LIBOR plus 1.40% to three-month SOFR plus 1.66%. The interest rate at December 31, 2023, and December 31, 2022, was 7.06% and 5.14%, respectively. The subordinated debentures mature on October 1, 2037. The subordinated debentures may be redeemed at par and the corresponding debentures may be prepaid at the option of BNCCORP, subject to approval by the Federal Reserve Board.

NOTE 13. Stockholders' Equity

Regulatory restrictions exist on the ability of the Bank to transfer funds to BNCCORP in the form of cash dividends. Approval of the Office of the Comptroller of the Currency (OCC), the Bank's principal regulator, is required for BNC National Bank to pay dividends to BNCCORP in excess of the Bank's net profits from the current year plus retained net profits for the preceding two years.

BNCCORP is required to consult with the Federal Reserve Board prior to declaring a cash dividend to stockholders. On May 3, 2022, BNCCORP's Board of Directors declared a \$1.75 per share special cash dividend that was paid on June 21, 2022.

The Company currently has an outstanding 175,000 share repurchase authorization with no expiration date set on the authorization. Share repurchases can be made through open market purchases, unsolicited and solicited privately negotiated transactions, or in accordance with terms of Rule 10b-18 promulgated under the Securities Exchange Act of 1934. The Company will not repurchase shares from directors or officers of the Company under the authorization. The Company will contemplate share repurchases subject to market conditions and other factors, including legal and regulatory restrictions and required approvals. No share repurchases have been made under the authorization as of December 31, 2023.

NOTE 14. Regulatory Capital and Current Operating Environment

BNCCORP and BNC National Bank are subject to various regulatory capital requirements administered by the federal banking agencies. Failure to meet capital requirements mandated by regulators can trigger certain mandatory and discretionary actions by regulators. Such actions, if undertaken, could have a direct material adverse effect on the Company's financial condition and results of operations. Under capital adequacy guidelines and the regulatory framework for prompt corrective action, BNCCORP and BNC National Bank must meet specific capital guidelines that involve quantitative measures of their assets, liabilities and certain off-balance-sheet items as calculated under regulatory accounting practices. Regulators may also impose capital requirements that are specific to individual institutions. The requirements are generally above the statutory ratios.

At December 31, 2023, the capital ratios exceeded all regulatory capital thresholds and maintained sufficient capital conservation buffers to avoid limitations on certain types of capital distributions.

Notes to Consolidated Financial Statements

The capital amounts and ratios presented below for December 31, 2023, and December 31, 2022, were as follows (dollars in thousands):

	Actual			For Capital Adequacy Purposes) be Well C	apitalized	Amount in Excess of Well Capitalized

() m i i i										

(a) Tangible common equity is calculated by dividing common equity, less intangible assets, by total period end assets.

Notes to Consolidated Financial Statements

The most recent notifications from the OCC categorized the Bank as well capitalized under the regulatory framework for prompt corrective action. Management believes the Bank remains well capitalized through the date for which subsequent events have been evaluated.

The Bank must adhere to various U.S. Department of Housing and Urban Development (HUD) regulatory guidelines including required minimum capital and liquidity to maintain their Federal Housing Administration approval status. Failure to comply with the HUD guidelines could result in withdrawal of this certification. As of December 31, 2023 and 2022 the Bank was in compliance with HUD guidelines.

NOTE 15. Revenue from Contracts with Customers

The following table disaggregates non-interest income subject to ASC 606 (in thousands):

	 2023	2022		
Service charges on deposits	\$ 649	\$	668	
Bankcard fees	1,162		1,123	
Bank charges and service fees not within scope of ASC 606	 1,804		1,928	
Total bank charges and service fees	3,615		3,719	
Wealth management revenue	1,948		1,981	
Wealth management revenue not within the scope of ASC 606	 -		-	
Total wealth management revenues	1,948		1,981	
Other	44		44	
Other not within the scope of ASC 606 (a)	598		1,663	
Total other	 642		1,707	
Other non-interest income not within the scope of ASC 606 (a)	 3,799		11,721	
Total non-interest income	\$ 10,004	\$	19,128	

(a) This revenue is not within the scope of ASC 606, and includes fees related to mortgage banking operations, gains on sale of loans, net gains on sale of debt securities, revenue from investments in SBIC, and various other transactions.

The Company had no material contract assets or remaining performance obligations as of December 31, 2023. Total receivables from revenue recognized under the scope of ASC 606 were \$492 thousand and \$478 thousand as of December 31, 2023, and December 31, 2022, respectively. These receivables are included as part of the Other assets line on the Company's Consolidated Balance Sheets.

(a) Company adopted ASU No. 2016-13, *Measurement of Credit Losses on Financial Instruments*, on January 1, 2023. As a result of adoption, the Company no longer reports impaired loans. Information on impaired loans as of December 31, 2022 is being provided for comparative purposes.

The Company discloses the estimated fair value of financial instruments as it is useful to the reader of financial statements. Fair value estimates are subjective in nature, involving uncertainties and matters of significant judgment, and therefore cannot be determined with precision. Changes in assumptions could significantly affect the estimates.

NOTE 18. Financial Instruments with Off-Balance-Sheet Risk

In the normal course of business, the Company is a party to various financial instruments with off-balance-sheet risk, primarily to meet the needs of customers as well as to manage interest rate risk. These instruments, which are issued by the Company for purposes other than trading, carry varying degrees of credit, interest rate or liquidity risk in excess of the amounts reflected in the consolidated balance sheets.

Commitments to Extend Credit

Commitments to extend credit are agreements to lend to a customer, which are binding, provided there is no violation of any condition in the contract, and generally have fixed expiration dates or other termination clauses. The contractual amount represents the Bank's exposure to credit losses in the event of default by the borrower. The Bank manages this credit risk by using the same credit policies it applies to loans. Collateral is obtained to secure commitments based on management's credit assessment of the borrower. The collateral may include marketable securities, receivables, inventory, equipment or real estate. Since the Bank expects many of the commitments to expire without being drawn, total commitment amounts do not necessarily represent the Bank's future liquidity requirements related to such commitments.

Notes to Consolidated Financial Statements

In mortgage banking operations, the Bank commits to extend credit for purposes of originating residential loans. The Bank underwrites these commitments to determine whether each loan meets criteria established by the secondary market for residential loans. See Notes 1 and 16 to these consolidated financial statements for more information on financial instruments and derivatives related to mortgage banking operations.

Standby and Commercial Letters of Credit

Standby letters of credit are conditional commitments issued by the Bank to guarantee the performance of a customer to a third party. Commercial letters of credit are issued on behalf of customers to ensure payment or collection in connection with trade transactions. In the event of a customer's nonperformance, the Bank's credit loss exposure is up to the letter's contractual amount. At December 31, 2023, based on current information, no losses were anticipated as a result of these commitments. Management assesses the borrower's creditworthiness to determine the necessary collateral, which may include marketable securities, real estate, accounts receivable and inventory. Since the conditions requiring the Bank to fund letters of credit may not occur, the Bank expects the liquidity requirements related to such letters of credit to be less than the total outstanding commitments.

The contractual amounts of these financial instruments were as follows as of December 31 (in thousands):

		2023				2022			
	Fixed		Variable		Fixed		Variable		
		Rate		Rate		Rate		Rate	
Commitments to extend credit	\$	27,119	\$	89,476	\$	16,071	\$	108,704	
Standby and commercial letters of credit		659		1,798		394		1,311	

As of December 31, 2023, the Company did not have any mortgage banking commitments to fund and sell loans. In addition to the amounts in the table above, the Company had mortgage banking commitments to fund loans of \$61.6 million and mortgage banking commitments to sell loans of \$99.4 million at December 31, 2022.

Performance and Financial Standby Letters of Credit

As of December 31, 2023, the Bank had no performance standby letters of credit and \$372 thousand of financial standby letters of credit compared to \$192 thousand of performance standby letters of credit and \$589 thousand of financial standby letters of credit as of December 31, 2022. Performance standby letters of credit are irrevocable obligations to the beneficiary on the part of the Bank to make payment on account in an event of default by the account party in the performance of a nonfinancial or commercial obligation. Financial standby letters of credit are irrevocable obligations to the beneficiary on the part of the Bank to repay money for the account of the account party or to make payment on account of any indebtedness undertaken by the account party, in the event that the account party fails to fulfill its obligation to the beneficiary. Under these arrangements, the Bank could, in the event of the account party's nonperformance, be required to pay a maximum of the amount of issued letters of credit. The Bank has recourse against the account party up to and including the amount of the performance standby letter of credit. The Bank evaluates each account party's creditworthiness on a case-by-case basis and the amount of collateral obtained varies and is based on management's credit evaluation of the account party.

Notes to Consolidated Financial Statements

Mortgage Banking Obligations

Through its mortgage banking operations, the Company originates and sells residential mortgage loans with servicing released to third parties. These loans are sold without recourse to the Company. Although the Company sells mortgage banking loans without recourse, industry standards require standard representations and warranties which require sellers to reimburse investors for economic losses if loans default or prepay after the sale. Repurchase risk is also present within the mortgage banking industry as continued disputes arise between lenders and investors. Such requests for repurchase are commonly due to faulty representation and generally emerge at varied timeframes subsequent to the original sale of the loan. To estimate the contingent obligation, the Company tracks historical reimbursements and calculates the ratio of reimbursement to loan production volumes. Using reimbursement ratios and recent production levels, the Company estimates the future reimbursement amounts and records the estimated obligation.

The following is a summary of activity related to mortgage banking reimbursement obligations at December 31 (in thousands):

	2	023	 2022
Balance, beginning of period	\$	656	\$ 820
Provision		91	375
Write offs, net		(103)	 (539)
Balance, end of period	\$	644	\$ 656

NOTE 19. Commitments and Contingencies

Small Business Investment Companies (SBIC)

The Bank has made investments in the Small Business Administration's SBIC program to enhance small business access to venture capital. At December 31, 2023, the Bank may be required to fund \$705 thousand of additional capital calls related to its SBIC investments.

Legal Proceedings

From time to time, the Company may be a party to legal proceedings arising from lending, deposit operations or other activities. While the Company is not aware of any such actions or allegations that should reasonably give rise to any material adverse effect, it is possible that the Company could be subject to such a claim in an amount that could be material. Based upon a review with legal counsel, the Company believes that the ultimate disposition of any such litigation will not have a material effect on the Company's financial condition, results of operations or cash flows.

NOTE 20. Income Taxes

Income tax expense (benefit) consists of the following for the years ended December 31 (in thousands):

	2	023	2022		
Current:					
Federal	\$	1,363	\$	945	
State		324		250	
		1,687		1,195	
Deferred:					
Federal		(56)		608	
State		(20)		26	
		(76)		634	
Total	\$	1,611	\$	1,829	

Notes to Consolidated Financial Statements

The reconciliation between income tax expense computed by applying the statutory federal income tax rate of 21.0% is as follows for the years ended December 31 (in thousands):

	 2023	 2022
Statutory federal income tax expense	\$ 1,536	\$ 1,749
State income taxes, net of federal income tax benefit	219	230
Tax-exempt interest income	(58)	(83)
Tax-exempt life insurance	(99)	(93)
Other, net	 13	 26
Total	\$ 1,611	\$ 1,829

Deferred tax assets are included in other assets on the Company's consolidated balance sheets. Temporary differences between the financial statement carrying amounts and tax bases of assets and liabilities that result in significant portions of the Company's deferred tax assets and liabilities are as follows as of December 31 (in thousands):

	2023		2	022
Deferred tax assets:				
Loans, primarily due to credit losses	\$	2,443	\$	2,281
Compensation		574		591
Unrealized loss on debt securities available for sale		3,571		4,287
Acquired intangibles		121		121
Net operating loss carryforwards		-		8
Other		216		222
Deferred tax assets		6,925		7,510
Deferred tax liabilities:				
Discount accretion on securities		170		53
Premises and equipment		57		223
Other		625		585
Deferred tax liabilities		852		861
		6,073		6,649
Valuation allowance		(14)		(14)
Net deferred tax assets	\$	6,059	\$	6,635

Subject to certain limiting statutes, the Company is able to carry forward state tax net operating losses aggregating \$19 thousand as of December 31, 2023. The state net operating losses expire between 2024 and 2031.

Tax years ended December 31, 2020 through 2023 remain open to federal examination. Tax years ended December 31, 2019 through 2023 remain open to certain state examinations.

The Company recognizes the tax benefit from an uncertain tax position only if it is more likely than not that the tax position will be sustained on examination by taxing authorities, based upon the technical merits of the position. The tax benefit recognized in the consolidated financial statements from such a position would be measured based on the largest benefit that has a greater than 50% likelihood of being realized upon ultimate settlement. Also, interest and penalties expense would be recognized on the full amount of deferred benefits for uncertain tax positions. The Company's policy is to include interest and penalties related to unrecognized tax benefits in income tax expense within the consolidated statements of income. At December 31, 2023, and 2022, the Company did not have any uncertain tax positions.

Notes to Consolidated Financial Statements

NOTE 21. Earnings Per Share

The following table shows the amounts used in computing per share results (in thousands, except share and per share data):

	2023			2022
Denominator for basic earnings per share:				
Average common shares outstanding		3,577,421		3,573,934
Dilutive effect of share-based compensation		2,818		930
Denominator for diluted earnings per share		3,580,239		3,574,864
Numerator (in thousands):				
Net income	\$	5,705	\$	6,500
Basic earnings per common share	\$	1.59	\$	1.82
Diluted earnings per common share	\$	1.59	\$	1.82

NOTE 22. Related-Party Transactions

The Bank has entered into transactions with related parties, such as opening deposit accounts for and extending credit to employees of the Company. The related-party transactions have been made under terms substantially the same as those offered by the Bank to unrelated parties.

In the normal course of business, loans are granted to, and deposits are received from, executive officers, directors, principal stockholders and associates of such persons. The aggregate dollar amount of these loans was \$450 thousand and \$543 thousand at December 31, 2023, and 2022, respectively. Advances and other increases of loans to related parties in 2023 and 2022 totaled \$101 thousand and \$323 thousand, respectively. Loan pay downs and other reductions by related-parties in 2023 and 2022 were \$194 thousand at December 31, 2023, from \$137 thousand at December 31, 2022. The total amount of deposits received from these parties was \$1.8 million at December 31, 2023, and \$1.4 million at December 31, 2022. Loans to, and deposits received from, these parties were made on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions with unrelated persons and do not involve more than the normal risk of collection.

The Federal Reserve Act limits amounts of, and requires collateral on, extensions of credit by the Bank to BNCCORP, and with certain exceptions, its non-bank affiliates. There are also restrictions on the amounts of investment by the Bank in stocks and other subsidiaries of BNCCORP and such affiliates and restrictions on the acceptance of their securities as collateral for loans by the Bank. As of December 31, 2023, BNCCORP and its affiliates were in compliance with these requirements.

NOTE 23. Benefit Plans

BNCCORP has a qualified 401(k) savings plan covering all employees of BNCCORP and subsidiaries who meet specified age and service requirements. Under the plan, eligible employees may elect to defer up to 75% of compensation each year not to exceed the dollar limits set by law. At their discretion, BNCCORP and its subsidiaries may provide matching contributions to the plan. In 2023 and 2022, BNCCORP and subsidiaries made matching contributions of up to 50% of eligible employee deferrals up to a maximum employer contribution of 5% of employee compensation. Generally, all participant contributions and earnings are fully and immediately vested. The Company makes its matching contribution during the first calendar quarter following the last day of each calendar

Notes to Consolidated Financial Statements

year and an employee must be employed by the Company on the last day of the calendar year in order to receive the current year's employer matching contribution. The anticipated matching contribution is expensed monthly over the course of the calendar year based on employee contributions made throughout the year. The Company made matching contributions of \$468 thousand and \$701 thousand for 2023 and 2022, respectively. Under the investment options available under the 401(k) savings plan, prior to January 28, 2008, employees could elect to invest their salary deferrals in BNCCORP common stock. At December 31, 2023, the assets in the plan totaled \$37.6 million and included \$641 thousand (22,496 shares) invested in BNCCORP common stock. At December 31, 2022, the assets in the plan totaled \$38.3 million and included \$677 thousand (22,744 shares) invested in BNCCORP common stock. On January 28, 2008, the Company voluntarily delisted from the NASDAQ Global Market and deregistered its common stock under the Securities Exchange Act of 1934 (as amended). As a result, the participants are prohibited from making new investments of the Company's common stock in the plan.

During 2015, the Company adopted a non-qualified deferred compensation plan for the benefit of select employees. The plan structure permits the Company to make discretionary awards into an in-service account or a retirement account of a plan participant established under the plan. The Company recognizes the expense for discretionary awards in the period it commits to such awards. Additionally, plan participants may defer some or all of their annual cash incentive awards into their in-service accounts. Company discretionary awards to the participant's in-service account are generally vested 50% upon initial participation with the remainder vesting ratably over 5 years. A participant's retirement account generally vests 50% upon an initial contribution and ratably thereafter over 10 years. Participants may allocate their in-service account balance among a fixed number of investment options. The value of the payout from the in-service account will depend on the performance of such investment options. Company discretionary awards into a participant's retirement account are denominated in shares of BNCCORP common stock and upon retirement, the plan participant will receive the number of shares of BNCCORP common stock credited to the participant's retirement account at that time. A separate Rabbi Trust has been established by the Company to offset the change in value of this liability. Assets in the trust offsetting in-service liabilities are recorded in other assets. BNCCORP common stock held in the trust related to the Company's retirement account obligation is recorded in treasury stock and equates to 19,069 and 19,982 shares as of December 31, 2023, and 2022, respectively. As of December 31, 2023, the plan obligation totaled \$1.1 million and \$1.0 million as of December 31, 2022.

In December of 2015, the Company adopted a non-qualified deferred compensation plan for directors of BNCCORP. Effective with 2016 service, a director may voluntarily make contributions of earned director compensation to a deferred account that is ultimately payable with BNCCORP common stock at the time of separation from service with the Company. The deferred shares of BNCCORP common stock were 28,232 shares and 25,488 shares as of December 31, 2023, and 2022, respectively.

NOTE 24. Share-Based Compensation

The Company has two share-based plans for certain key employees and directors whereby shares of BNCCORP common stock have been reserved for awards in the form of stock options, restricted stock, or common stock equivalent awards. Pursuant to each plan, the compensation committee may grant options at prices equal to the fair value of BNCCORP common stock at the grant date. The Company generally issues shares held in treasury when options are exercised and restricted stock is granted.

Total shares in plan and total shares available as of December 31, 2023, are as follows:

	1995	2015	Total
Total shares in plan	250,000	50,000	300,000
Total shares available	40,951	19,482	60,433

The Company recognized share-based compensation expense of \$78 thousand and \$76 thousand for the years ended December 31, 2023, and 2022, respectively, related to grants of restricted stock.

Notes to Consolidated Financial Statements

The tax benefits associated with share-based compensation was approximately \$2 thousand for the year ended December 31, 2023, and was approximately \$2 thousand for the year ended December 31, 2022.

At December 31, 2023, the Company had \$164 thousand of unamortized restricted stock compensation, which is expected to be recognized over a period of four years. Restricted shares of stock granted have vesting and amortization periods of up to four years.

Following is a summary of restricted stock activities for the years ended December 31:

	2	2023		2022			
	Number Restricted Stock Shares	Weighted Average Grant Date Fair Value		Number Restricted Stock Shares	A Gra	eighted verage ant Date r Value	
Non-vested, beginning of year	5,500	\$	39.91	5,750	\$	39.68

Following is a summary of stock grants to directors for the years ended December 31:

	202	2023				
	Number of Shares		nt Date r Value	Number of Shares	Grant Date Fair Value	
Shares granted	2,000	\$	30.97	2,400	\$	36.28

NOTE 25. Segment Reporting

The Company determines reportable segments based on the way that management organizes the segments within the Company for making operating decisions, allocating resources, and assessing performance. The Company has determined that it has three reportable segments: Community Banking, Mortgage Banking, and Holding Company.

Community Banking

The Community Banking segment serves the needs of businesses and consumers through 11 locations in North Dakota, and Arizona. Within this segment, the following products and services are provided: business and personal loans, commercial real estate loans, SBA loans, business and personal checking, savings products, and cash management, as well as trust and wealth management services and retirement plan administration. These products and services are supported through web and mobile based applications. Revenues for community banking consist primarily of interest earned on loans and debt securities, bankcard fees, loan fees, services charges on deposits, and fees for wealth management services.

Mortgage Banking

The Mortgage Banking segment originates residential mortgage loans for the primary purpose of sale on the secondary market. The segment consists of both a consumer direct channel located in Kansas utilizing internet leads and a call center to originate residential mortgage loans throughout the United States complemented by a relationship based retail channels. Revenues for mortgage banking consist primarily of interest earned on mortgage loans held for sale, gains on sales of loans, unrealized gains or losses on mortgage financial instruments, and loan origination fees. On April 12, 2023, the Company announced it entered into a definitive agreement with First Federal Bank under which First Federal will purchase certain operating assets and assume certain liabilities of BNC National Bank's mortgage division. On June 16, 2023, the Company executed the sale and sold its portfolio of mortgage loans held for sale.

Notes to Consolidated Financial Statements

Holding Company

The Holding Company segment represents BNCCORP, the parent company of BNC National Bank. Revenue for the Holding Company segment primarily consists of interest earned on cash and cash equivalents and management fees charged to the Community Banking and Mortgage Banking segments for management services. Interest expense for the Holding Company segment consists of interest expense on the Company's subordinated debentures. Non-interest expense for the segment includes parent company costs for certain centralized functions such as corporate administration, accounting, audit, consulting, and governance.

The Company's operating segments are presented based on its management structure and management accounting practices. The structure and practices are specific to the Company and therefore, the financial results of the Company's business segments are not necessarily comparable with similar information for other financial institutions.
